Relate

More options for more spaces.

With its contemporary design, active ergonomic features, and range of seating options, the Relate family of chairs is the single solution for the entire office. The streamlined, slim profile fits naturally in any environment. To accommodate longer sits at your desk or extended meetings in the conference room, several innovative technologies provide active ergonomics and superior support.

One solution. Multiple comforts.

Several innovative technologies and easy-to-use adjustments allow you to personalize your chair as quickly and as frequently as you change your task. It's all about exceptional ergonomics that relate to you.

Arm height, width, depth, and pivot adjustment to fit body size, task, and preference.

Continuous back support promotes lordotic curvature in the lumbar region to reduce muscle fatigue.

Height-adjustable lumbar support can be set anywhere within a 4-inch range.

Seat depth adjusts to accommodate different leg lengths.

Body Adaptive Control™ combines a weight-sensing tilt and a pivoting back that follows your every shift in position, reduces muscle fatigue, and encourages healthy movement throughout the day.

The unique tilt mechanism uses your weight to balance the recline, and the five-position Quick Tension™ lever easily adjusts back support as you change workstyles. Lock or unlock the back from an upright position with the tilt lock.

Relate is an SCS Indoor Advantage™ Gold certified product, which is your assurance that Relate meets tough indoor air quality standards and can contribute toward LEED® certification of your building.

One chair. Many chairs.

Relate offers more design choices and a complete collection of chair styles, including work chairs, stools, and side chairs. It's the perfect solution for private offices, workstations, guest seating, conference rooms, training rooms, cafés, and standing-height workstations.

HIGH-BACK AND MID-BACK WORK CHAIR WITH FIXED C ARMS

HIGH-BACK WORK CHAIR WITH ADJUSTABLE ARMS

FOUR-LEGGED STOOL

SIDE CHAIR

Relate is available for shipment with reduced cartoning or even blanket-wrapped. So it's doing good things for the environment even before you take delivery.
